What is College Credit Plus?

College Credit Plus is Ohio's dual credit program

- Students can earn high school and college credit at the same time.
- Students enroll in college courses and adhere to the requirements of the college
- Courses held at the high school, on a college campus, or online. Participate Fall, Spring, and/or Summer.

How Can Students Participate?

Step 1: Eligibility

A student is eligible for the College Credit Plus program if the student meets any of the following criteria:

- Obtains a remediation-free score on one of the standard assessment exams (ACT, SAT, or Accuplacer)
- Has a cumulative unweighted high school grade point average of at least 3.00

SSU's Testing Requirements

- SSU prefers the ACT; however, if you have not taken the ACT, you may take the Accuplacer. **Accuplacer testing for CCP eligibility will begin January 2024.**
 - SSU will accept Accuplacer scores from other institutions; however, the scores must be sent to our Admissions Office from the institution in which you took the Accuplacer.
- Students currently in SSU's CCP program **DO NOT** have to retest each year unless they are trying to become eligible in an area in which they previously were not.

How Can Students Participate?

Step 2: College Admission

- Students must apply for CCP admission.
- Admission is reviewed per the requirements of the college or university; contact the college to find specific information
- College applications include the permission slip for mature content and a questionnaire about emotional maturity
- Colleges have the final decision on student admission

- School counselors can help students understand graduation requirements and CCP course substitutions
- High schools and colleges develop 15 and 30 credit hour pathways to help you determine your plan

Course Eligibility Rules

Students must complete their first 15 credits in Level I courses, which include:

- Transferable courses.
- Courses in IT, Computer Science, Anatomy & Physiology, foreign language.
- Courses that are part of a technical certificate.

- The maximum number of college credits a student can complete while participating in the program is 120
- If a student enrolls in more than 30 credits for the year, they can:
 - Drop the course prior to the no-fault withdrawal date
 - Pay for the entire course at the college's standard rates (Option A)

Additional Considerations

Grades

- The final grades earned in the college course are the same grades that will be on the high school transcript
- CCP course grades will be factored into the high school and college GPAs

Grade Weighting

- High schools must weight all advanced standing courses in a subject area consistently (CCP, AP, IB, Honors)

Additional Considerations

Selective Service

- Male students who are at least 18 years of age and Ohio residents are required to be registered with the Selective Service System
- Students are required to provide their Selective Service number to the college or university within 30 days of their 18th birthday
- Failure submit the Selective Service number will result in the student not being considered a College Credit Plus participant for that semester or term
 - The student will be responsible for any tuition, textbooks, or fees associated with the course(s)
