Ohio WINS Summer Institute

Ohio Writing Institute Network for Success

Wouldn't it be nice to know how your colleagues help their struggling writers, how they use technology in writing instruction, and how they address Ohio's English Language Arts Content Standards in their classrooms? As teachers, we know what strategies are effective, what projects will enable our students to thrive, and what differentiations offer meaningful learning experiences. This institute will provide participants the opportunity to share their best practices for teaching writing from the middle school level to the college level.

Who can participate?

Ohio WINS serves teachers in grades 4-12 in Ohio school districts, with preference given to those teaching English Language Arts in middle and secondary schools.

Free Graduate Credit

Ohio WINS offers a scholarship program in which graduate credit is paid for through Ohio University. Teachers will receive the opportunity to earn 4 free quarter hours of graduate credit for their six days of participation. Those who do not fully participate in the Summer Institute will be denied graduate credit.
