

Affirmative Action & Diversity University-Wide Committee
Year-End Report 2007-2008
Submitted by Stylianos Hadjiyannis, Chair

I asked UIS to create an e-mail address to which all SSU employees would send messages in case there are issues that require the attention of the committee. The address is: AffirmativeActionDiversityCommittee@shawnee.edu. The employees were notified of this address. I will resend such a notice for the coming year.

I met repeatedly with the Women's Center and we discussed a variety of issues and joined activities. I became a member of the Ohio Native Indian academic consortium so that we can draw ideas, invite speakers, and learn of other relevant issues.

I met with AHANA and discussed black-American issues. I am the faculty advisor to the international students and have been constantly in touch with them.
