PHYSICAL THERAPIST ASSISTANT

APPLICATION PACKET

Physical Therapist Assistants (PTA's) are health professionals who help individuals recover from injury, illness, or dysfunction and who also assist clients in obtaining optimal fitness and health. PTA's work under the supervision and direction of the physical therapist in a variety of settings including hospitals, rehabilitation centers, skilled nursing facilities, outpatient centers, home health agencies, and schools. Graduates of the physical therapist assistant program should demonstrate safe and effective treatment interventions for neuromuscular, musculoskeletal, cardiopulmonary, and integumentary interventions throughout the lifespan. Additional attributes necessary for successful completion of the curriculum include observation skills, communication skills, motor skills, good judgment, and professional behavior.

Accreditation and Degree: The physical therapist assistant program is accredited by the Commission on Accreditation in Physical Therapy Education (CAPTE) of the American Physical Therapy Association (APTA). Students graduating from the physical therapist assistant program receive an Associate of Applied Science (AAS) degree. It should be noted that the AAS degree is not a prerequisite for physical therapy education, nor does it prepare one for a graduate school education in physical therapy.

Accreditation is an important indicator of the quality of academic programs. Shawnee State University supports the concept of accreditation of its programs and strives to maintain accreditation to meet the needs of its students.

Contents of the Application Packet: Please use this outline as a checklist for the application packet. Prior to applying to the PTA program, applicants should also apply and be accepted to Shawnee State University.

- I. _____ Application Deadline
- II. _____ Minimum Qualifications for application
- III. _____ Special Application for admission to the PTA program including affidavit
- IV. _____ Student worksheet for GPA calculation (high school) Include an unofficial transcript with the courses highlighted. **(MUST fill out if applying with less than 24 Semester Hours)**

- VII. _____ Job shadowing form for PTA Admission (Including Log of Hours)

All material contained within the application packet **MUST BE POSTMARKED** by **April 1** of the year of application, and **MUST** be mailed or hand delivered to the **Admissions Office**. **Please note: The PTA program will not accept applications without first being reviewed by the Office of Admissions.**

Acceptance into the PTA Program is competitive. Meeting minimum requirements does NOT guarantee acceptance into the PTA Program.

I. Application Deadline:

The application deadline for consideration into the physical therapist assistant program is **April 1** of the year of application. Applications will be accepted between **January 1 and April 1** of the year of application. Early application is highly encouraged as SSU has a rolling admissions process and once the class is accepted there are no wait list(s).

High School Student Applicants OR Applicants that will have <24 Semester Credit hours by June of the application year:

Official transcripts should be sent to the Office of Admission directly from the high school (**You may not hand deliver them**). Additionally, you should include with your application an unofficial copy of the most recent transcript(s) with the courses used in the science/math GPA highlighted. (College credits could include an unofficial degree audit) Also, please send a completed high school transcript as quickly as possible after graduation.

College Student Applicants (Students that will have >23 semester credit hours completed by June of the application year):

Official transcripts from all high school coursework, and college coursework should be sent to the Office of Admission directly from the school. (**You may not hand deliver them**). However, you should include with your application an unofficial transcript with the courses highlighted that are included in the science/math GPA from each school. If you are currently enrolled in courses, please update the official transcripts on record at SSU as soon as possible after course completion.

II. Minimum Qualifications for Consideration into the PTA program

1. Acceptance into Shawnee State University.
2. Completed Physical Therapist Assistant Application Packet (\$30 included).

Shawnee State University does not discriminate in admission, access or treatment in programs and activities or employment policies or practices on the basis of race, creed, sex, color, national or ethnic origin, religion, marital status, age, sexual orientation, or disability.

Upon successful acceptance into the PTA program and in compliance with our clinical affiliation contracts the program requires a criminal background check of each student. Results are sent by the student to the program leader (federal and state checks) and are kept confidential. While the background checks will not hinder the matriculation through the didactic portion of the curriculum, positive criminal background may delay clinical placement and/or PTA licensure. The cost of the background checks are the responsibility of the individual student (Currently approximate cost is \$100). It is recommended that if a student applicant has a criminal felony history, that student is encouraged to contact the relevant state licensing board (authority) prior to the commencement of training in order to confer with the state about his/her eligibility for PTA licensure.

IV. High School Science/ Math GPA Worksheet (Only fill this section out if you will have less than 24 semester hours completed by June of the application year)

Total Science/ Math GPA _____ (Take the total # of Column F / total # of Column E)

NOTE: A= 4.0 points A-= 3.67 points B+= 3.33 points B= 3.0 points B-= 2.67 points
 C+= 2.33 points C= 2.0 points C-= 1.67 points D+= 1.33 points D= 1.0 points

***To calculate "Quality Points" use the conversion table above and multiply the number by the number of credit hours.**

To Calculate "Science/Math GPA" take the total quality points and divide by the total credit hours.

Some Schools will use a weighted GPA scale for college preparatory courses. If your high school is on a weighted scale for your coursework, modify your worksheet to that scale. Additionally, many schools will differ in the percentage equivalent to letter grade score. Please use the letter grade whenever possible.

YOU MUST ALSO TURN IN AN UNOFFICIAL TRANSCRIPT WITH THE COURSES HIGHLIGHTED WITH THE WORKSHEET
