Course Descriptions

#7405 Fall Hazard Awareness

March 18, 2010

8 a.m.—5 p.m.

Location: Shawnee State University, Room 214 University Center

This four-hour course on Fall Hazard Awareness focuses on slips, trips, falls and falls from heights in the work-place. Participants are introduced to the OSHA and ANSI standards and the daily practices involved with preventing slips, trips, falls, as well as the focus on fall arrest equipment, fall protection systems, and rescue equipment.

Pre requisites None

Cost: \$195

Credit Awarded: 0.5 CEUs

#500 Trainer Course in Occupational Safety and Health Standards for the Construction Industry

Sept. 21, 22, 23, 24, 2010

8 a.m.—5 p.m. 3.5 days (26 hours)

Location: Shawnee State University, Location to be announced

This course is designed for personnel in the private sector interested in teaching the 10- and 30-hour construction safety and health outreach program to their employees and other interested groups. Special emphasis is placed on topics required in the 10- and 30-hour programs as well as on those that are the most hazardous, using OSHA standards as a guide. Course participants are briefed on effective instructional approaches and the effective use of visual aids and handouts. Course completion authorizes the student to become a trainer in the OSHA Outreach Training Program and to conduct both 10- and 30-hour construction safety and health courses and to issue cards to participants after verifying course completion.

Prerequisites/Participant Tools

OSHA 510, and 5 years of construction industry safety experience. A college degree in occupational safety and health, a Certified Safety Professional (CSP) or a Certified Industrial Hygienist (CIH) designation, in the applicable training area may be substituted for two (2) years of safety work experience

NOTE: Students in course #500 who wish to participate as authorized trainers in the OSHA Outreach Training program must prepare a one-hour presentation on an assigned OSHA Construction Outreach topic individually or as part of a group and successfully pass a written exam at the end of the course. Authorized OSHA Outreach trainers are required to attend Course #502 at least once every four (4) years to maintain their trainer status.

Course Topics Include:

- Introduction to OSHA standards
- Safety programs
- OSHA inspections, targeting and penalties
- Training techniques, record keeping
- Hazard communication
- Health hazards in construction and personal-protective equipment
- Fire protection and prevention
- Motor vehicles
- Walking and working surfaces and ladders
- Scaffolds and trenching
- Electrical, cranes and rigging
- Tools, concrete construction
- Steel erection

Cost: \$800.

Credit Awarded: 2.6 OSHA CEUs

501 Trainer Course in Occupational Safety and Health Standards for General Industry

Sept. 14, 15, 16, 17, 2010

8 a.m.—5 p.m. 3.5 days (26 hours)

Location: Shawnee State University Room location to be announced.

This course is designed for personnel in the private sector interested in teaching the 10- and 30-hour general industry safety and health outreach program to their employees and other interested groups. Special emphasis is placed on topics required in the 10- and 30-hour programs as well as on those that are the most hazardous, using OSHA standards as a guide. Course participants are briefed on effective instructional approaches and the effective use of visual aids and handouts. Successful completion of this course allows the student to become a trainer in the OSHA Outreach Training program and to conduct both 10- and 30-hour general industry safety and health courses and to issue cards to participants after verifying course completion

Prerequisites/Participant Tools

OSHA 511, and 5 years of general industry safety experience. A college degree in occupational safety and health, a Certified Safety Professional (CSP) or a Certified Industrial Hygienist (CIH) designation, in the applicable training area may be substituted for two (2) years of safety work experience.

Note: Students in course #501 who wish to participate as authorized trainers in the OSHA Outreach Training program must prepare a one-hour presentation on an assigned OSHA General Industry topic individually or as part of a group and successfully pass a written exam at the end of the course. Authorized OSHA Outreach trainers are required to attend Course #503 at least once every four (4) years to maintain their trainer status.

Course Topics Include:

- Overview of the training outreach program
- Introduction to OSHA standards and hazard violation workshop
- Overview of the OSH Act and 29 CFR 1903
- Inspections, citations and proposed penalties
- OSHA record keeping
- Walking/working surfaces
- Means of egress and fire protection
- Hazardous materials
- Lockout/tagout
- Personal protective equipment
- Material handling
- Machine guarding
- Welding
- Electrical safety standards and work practices
- Hazard communication
- Introduction to industrial hygiene

Tuition: \$800.

Credit Awarded: 2.6 OSHA CEUs

502 Update for Construction Industry Outreach Trainers

Oct. 12, 13, 14, 2010

8 a.m. - 5 p.m. 2.5 days (18 hours)

Location: Shawnee State University, Room location to be announced.

This course is designed for personnel in the private sector who have completed #500 Trainer Course in Occupational Safety and Health Standards for the Construction Industry and who are authorized trainers in the OSHA Outreach Training Program. It provides an update on such topics as OSHA construction standards, policies, and regulations.

Minimum contact hours: 21.

Prerequisites: Course #500

NOTE: Authorized OSHA Outreach Trainers are required to attend this course once every four years to maintain their trainer status. Prior to registration, students must provide a copy of their current trainer card for validation.

Prerequisites/Participant Tools

Participants must have completed course 500. Participants must fax a copy of current 500 completion card with registration. The course manual will be provided to each participant. Manuals on CD and the 29 CFR Part 26 may be purchased for an additional fee.

Cost: \$600.

Credit Awarded: 1.9 OSHA CEUs

503 Update for General Industry Outreach Trainers

Oct. 26, 27, 28, 2010

8 a.m. - 5 p.m. 2.5 days (18 hours)

Location: Shawnee State University, Room location to be announced

This course is designed for private sector personnel who have completed course #501 Trainer Course in occupational Safety and Health Standards for General Industry and who are authorized trainers in the OSHA Outreach Training Program. It provides an update on OSHA general industry standards and OSHA policies.

Minimum contact hours: 21.

Prerequisites: Course #501

NOTE: Authorized OSHA Outreach Trainers are required to attend this course once every four years to maintain their trainer status. Prior to registration, students must provide a copy of their current trainer card for validation.

Prerequisites/Participant Tools

Participants must have completed course 501. Participants must fax a copy of current 501 completion card. The course manual will be provided to each participant. Manuals on CD and the 29 CFR Parts 1901-1910 may be purchased for an additional fee.

Cost: \$600.

Credit Awarded: 1.9 OSHA CEUs

#510 Occupational Safety and Health Standards for the Construction Industry

May 17, 18, 19, 20, 2010

8 a.m.—5 p.m.3.5 days (26 hours)

Location: Shawnee State University, Room 214 University Center

This course for private sector personnel covers OSHA policies, procedures, and standards, as well as construction safety and health principles. Topics include scope and application of the OSHA construction standards. Special emphasis is placed on those areas that are the most hazardous, using OSHA standards as a guide.

Prerequisites: None.

In order to teach the 10-hour and the 30-hour classes, you must successfully complete this course and the OSHA #511. Course manual on CD and the 29 CFR 1926 hard copy will be provided to each participant. Course manuals on CD are available for an additional fee.

Course Topics Include:

- Why safety?
- Overview of OSHA and OSHA Standards
- Inspections, Citations, and Penalties
- Safety and Health Management Systems
- Recordkeeping
- General Physical Safety Hazards
- Multi-employer workplaces
- Electrical Safety Hazards
