AREA:	BUSINESS AFFAIRS	POLICY NO.:	4.62
		ADMIN. CODE:	3362-4-33
		PAGE NO.:	1 OF 3
		EFFECTIVE DATE:	4/2/90
SUBJECT:	ADVERTISING VACANT POSITIONS	RECOMMENDED BY:	R. Neil Hawk
		APPROVED BY:	

The University Personnel Office will be responsible for advertising all approved vacancies. The procedure for requesting advertising is as follows:

### 1.0 POSITIONS TO BE ADVERTISED

- 1.1 The University makes every effort to provide advancement opportunities within the institution. Those positions which are controlled by labor contracts will continue to be handled in compliance with the specifications of the labor agreement.
- 1.2 Job vacancies may be announced externally at the same time as internal announcements are made. The University will advertise externally in those cases in which it has determined that external candidates are necessary due to factors such as needed skills and abilities, needed professional or educational experience, or affirmative action considerations.

The determination of whether or not to advertise a position externally will be made by the appropriate Vice President in consultation with the President.

### 2.0 POSITION APPROVAL

Position approval requires use of the **Personnel Requisition for Staff** (form #PD:062689) and **Request for Advertising** (back side of form)

- 2.1 The **Personnel Requisition for Staff form** must be completed and all approvals secured for the filling of any staff vacancy. The requisition for any new position will be reviewed by the Assistant Vice President for Business Affairs/Budget Director for budgetary purposes prior to any action by the Personnel Department.
- 2.2 If advertising is required, the back side of the **Personnel Requisition for Staff form** must be completed by the requesting area. The information regarding the required advertising is to be provided on the form at the same time that approvals for the vacancy are secured.
- 2.3 Upon receipt of the fully approved **Personnel Requisition** by the Personnel Department (employment), the Personnel Representative will review the form for all necessary information and required approvals. The requesting area will be contacted in order to obtain more specific information regarding the vacancy and/or the advertising request.

### 3.0 REQUEST FOR ADVERTISING

In order to use University resources efficiently and ensure that placements of all employment ads are consistent, accurate and meet employment laws, it is very important that the requesting area provide all the information on the **Request for Advertising Form** as follows:

- 3.1 POSITION TITLE: Use approved title.
- 3.2 POSITION REPORTS TO: List direct supervisor.
- 3.3 PLACE THIS AD IN THE FOLLOWING PAPERS: List all newspapers, periodicals, trade magazines, etc. in which the ad is to be placed. Consider the market conditions in designating these papers and the amount of funds available for advertising. Consider newspapers that reach minorities and recruitment agencies.
- 3.4 SPECIAL INSTRUCTIONS FOR APPLICANTS: Write the ad in draft form. Focus upon clear instructions to be communicated to the applicants. Concentrate upon required qualifications and instructions for the applicants to follow. Job requirements should have been established through the job analysis procedure.
- 3.5 CUTOFF DATE FOR APPLICATIONS: Include in this estimate the amount of time required for mailing the ads. Most papers require ads in writing, and the Personnel Office should not be expected to read ads over the telephone due to the possibility of error. Applicants should be given sufficient time to respond. Normally estimate four to six weeks for this activity from the ad placement to the response time.
- 3.6 EXPECTED HIRE DATE: Project a hire date that can be reasonably expected considering all the required activities. You may indicate that applications will be accepted until position is filled.
- 3.7 TESTS REQUIRED: Indicate if a test is required. Consider the time involved if so.
- 3.8 ACCOUNT NUMBER FOR ADVERTISING CHARGES: All charges for advertising will be billed to the requesting area.
  - 3.8.1 The Personnel Office will attempt to reduce the ad cost by eliminating superfluous words in the ad. **IF YOU DO NOT WISH THE AD TO BE REDUCED - INDICATE SO ON THE FORM.** Please discuss the estimated ad cost with the Personnel Representative before insisting that the ad be placed in its entirety. Advertising costs are very high.

3.8.2 If you wish to review the ad prior to its being placed, indicate such directly on the request form. Also, the Personnel Department may at times have to alter the draft ad's wording and dates, but will at all times adhere as closely as possible to the requesting area's information. Such alterations will be discussed before being made.

#### 4.0 EQUAL EMPLOYMENT/AFFIRMATIVE ACTION

In all cases, the University will include on any employment ad the words "Shawnee State University is an Affirmative Action/Equal Opportunity Employer" and "Shawnee State University seeks staff who share our commitment to students as our first priority."

**RESOLUTION F13-15**

**ADOPTION OF POLICY 4.93

## President's Report

### Summary of Activity Supporting FY15 Goals

May 8, 2015

In her May 14, 2104 letter, Board Chair Melissa Higgs-Horwell listed four goals that should be my priority for FY15. They are listed below.

Throughout the year I have reported upon some of the activities in support of these goals. The following is a broad summary of institutional progress toward achieving them. As you might expect, the list does not include all the efforts made on this campus. It does, however, reflect the tremendous amount of work that has taken place.

- I. **Continue with efforts to prepare the University for a comprehensive strategic planning process by completing both academic and non-academic program reviews, making appropriate organizational changes, and identifying those programs with potential for growth and those in need of continuing review as to their sustainability.**
  - Data bases and analysis techniques have been developed to support strategic planning
  - Self-studies of all academic programs have been completed
  - Reviews of non-academic programs and offices are on track to be completed by the end of the fiscal year
  - Units have been restructured as a result of the non-academic reviews -- most notably Finance and Administration; and a proposal for restructuring Executive Affairs has been developed for consideration by the President-select
  - The Provost and Deans have identified programs with the potential for expansion and demand data for these programs are being analyzed utilizing the process demonstrated at a recent Board of Trustees meeting
  - The Provost has formed a committee to review programs identified with low growth potential
  - The University's policy on Academic Program Reviews is under review by the Provost and governance
  - The Provost has developed performance benchmarks for Academic Affairs
  - Academic Affairs is monitoring metrics related to the Success Curriculum and Career Counseling
  - Annual reports have been submitted to the Chancellor regarding our progress on the Chancellor's Completion Plan
  - The President and President-select are engaged in identifying and selecting a consultant to assist with a comprehensive strategic planning process in the next academic year

**II. Prepare an FY16 budget that accommodates reductions in state funding, reduces planned uses of University reserves and prioritizes the Completion Plan.**

- We continue to monitor the ongoing work of the General Assembly with an eye on key factors that influence the SSI and SSU's ability to raise revenue
- The proposed budget continues the 5-year plan to reduce reliance on reserves
- The proposed budget presents a balanced approach to anticipated SSI funding
- The entire University community engaged in budget planning that identified opportunities for increased efficiencies while protecting our core mission and responding to new regulatory requirements
- The Completion Plan will be a priority as final budget reallocation decisions are made
- The Government Relations and Finance and Administration teams have "pushed" for a step-down in the elimination of the Access Challenge Funds of approximately \$1M. This possibility was in the House bill
- The budget reallocates current resources to address the impacts of the State's elimination of Access Challenge funds

**III. Maintain and enhance the University's strong working relationships with key governmental leadership and staff, partners, industries and agencies and strengthen the relationship between University programming and the State's Workforce Development agenda by putting in place programming, staff, and infrastructure.**

- The Government Relations team increased its contact with key legislative offices and engaged members and staff in discussions about SSI, the SSU supplement, the importance of open-access institutions in Ohio, and a step-down in the elimination of Access Challenge Funds
- The University involved students in meetings with the region's representatives
- The President is a member of the IUC Presidential leadership team and has met with House and Senate leadership on multiple occasions
- The Government Relations team had extensive contact with the Governor's Office regarding unfilled Trustees positions
- The President served as a member of an OBR Task Force addressing barriers to attracting and maintaining international students
- The President served on an OBR group to redesign OACHE to help address regional workforce development issues
- A Government Relations Team member has been appointed to the regional OhioMeansJobs Board
- The University has joined the Business Resource Network
- Launched the "Hire a Bear" program encouraging alumni to give hiring preference to SSU alums

- Working with members of the House and Senate, regional agencies, Ohio State University, the Counseling Center, and the SSUDF to develop a community based dental clinic to be house in a University building
- Facilitated regional and state-wide meetings and conferences on economic development
- More than doubled our placement of interns and increased the percentage of currently enrolled students participating in internships by 10%
- Held our first Internship Fair
- Systematized procedures for recording and evaluating internship experiences allowing us to note them on a student's transcript and report them to the State.
- Completed two OMIC grants for SW Ohio and are applying for a third to serve SE and SW Ohio
- Partnered with Millicron to secure a plastics extruder
- Secured a twin screw extruder through a State of Ohio Workforce Development grant
- The President convened a regionally based advisory board on Workforce Development
- Refined and refocused our Educational Partnerships efforts in the Provost's office
- The Government Relations position was reworked to include workforce and economic development duties and is currently being advertised
- Engaged campus offices and officials in evaluating proposed legislation
- Worked with Representative Johnson and Congressmen Johnson and Westrup to development preliminary ideas for educational programming for veterans in the region
- Worked with PolymerOhio to develop opportunities to recruit students into the plastics program and Alumni to address the pipeline problems for plastics
- Utilized a Workforce Development Team to coordinate efforts throughout the University
- The Shawnee 12.0 focused upon workforce development
- Working on a collaborative (OU-S, OU-C, Rio Grande University, Southern State Community College) RAPIDS grant proposal to enhance workforce training and equipment in health sciences and engineering technology
- Featured the work of GeoTech in Waverly and its President, an SSU alum, at a President's Club event
- Aligned our demand analyses process with JobsOhio databases
- Integrated JobsOhio website into Career Services offerings
- Developed a proposal for a virtual diagnostic Avatar for Adena Health Systems
- Working with community group planning Connex
- Participated in an ODE forum on workforce transformation
- Initiated Soft skills programming into the Success Curriculum and Career Services

IV. **Develop recommendations on realignment within Executive Affairs to reduce the direct supervision obligations of the President.**

- As a result of a non-academic program review of Executive Affairs, a preliminary plan for restructuring Executive Affairs was developed and refined by a team that included Trustee Gary Paine
- Prepared with President-select Kurtz a temporary staffing and reporting structure that moves one reporting unit to a Vice President; reallocates an existing position to create a Special Assistant to the President for External Affairs to assume some of the reporting obligations and ensure a smooth transition as Administrative Assistant retirements occur in the President's Office this next year; reallocates existing resources to staff Government Relations and the Special Assistant
- Refining the proposed temporary Special Assistant structure to minimize expenditures and ensure sufficient staffing to support Strategic Planning
