	TOTAL BACHELOR DEGREES	278				TOTAL ASSOCIATE DEGREES		197	

Student Programming Board

April, 2012

As the school year wraps up, SPB is looking toward the future. Here are some new and exciting things we have accomplished for next year!

- As of April 16th, we have hired the new Executive Board for the 2012-2013 year.
President: *Daniel Ondercin*
Advertising/Recruitment (Formally titled "Vice President): *Isaiah Riley*
Special Event Co-Chairs: *Brittany Barta and Michael Skaff*
Weekend A: *James Shields*
Weekend B: *Derrick Kimbrough*
Commuter: *Markee Osborne*
Educational/Cultural: *Stephen Howard*
Video Gaming: *Jordan Johnson*
Community Service: *Garry Wright*
- As you can see, another exciting thing we have changed for next year is the structure of our Executive Board. We have eliminated some positions and have combined certain offices to create a more efficient structure. We have added a "Community Service" position which will create service programs throughout the year. We really feel Community Service is very prevalent on our campus and we wanted to incorporate this into Student Programming Board events.
- Regarding structure, we have developed a new system of programming. Instead of each position planning 2 small programs a month, we have decided for next year to have each position plan 3 large-scale programs per semester. Our current E-board became very overwhelmed with the amount of programs we planned this year and in turn, our programs lost that special "sparkle". We hope this will be a successful way to carry out programs for the next year.

With any job, many things are trial and error. We took this year as a chance to recognize what we need to do differently to better campus involvement. After long consideration, we feel our new structure of programming will be fun and effective. I'm excited to have been a part of SPB's future and know they will have tremendous success next year!
