## School of Education

### **Mentor/Cooperating Teacher Verification Hours**

Shawnee State University's School of Education values its partners and recognizes the crucial role that they play in the development of future teachers. To that end, we will provide documentation of approximate hours spent (a combination of planning, instruction delivery and assessment) nurturing our teacher candidates.

Each teacher that welcomes a Shawnee State teacher candidate into his/her room will receive an email following the conclusion of the academic year with an attachment that memorializes the mentorship. This can be used to verify hours for the purpose of individual professional development and Local Professional Development Committee (LPDC) credit in accordance with district guidelines.
