1.0 POLICY STATEMENT AND PURPOSE

- 1.1 Understanding the variables involved in the transfer credit evaluation process for both undergraduate and international students is imperative to ensuring that students are awarded credit consistently and equitably. This policy is designed to facilitate the transfer of students and credits from other institutions and/or foreign institutions of higher education to Shawnee State University, assure maximum utilization of prior learning, and encourage students to advance as far through the educational system as they can in pursuit of their goals.

2.0 IMPLEMENTATION-UNDERGRADUATE

- 2.1 This policy is consistent with the [Ohio Articulation and Transfer Policy](#), first adopted by the Ohio Department of Higher Education in November of 1990; and, the [Joint Statement on the Transfer and Award of Credit. The Ohio Articulation and Transfer Policy](#) complies with state statutory and policy requirements, including, but not limited to, Ohio Revised Code (ORC) 3333.16, 3333.161, 3333.162, and 3333.164.
- 2.2 When evaluating whether to award transfer credit, the University Registrar office uses a multifactorial process initially driven by an assessment of the educational quality of the course work as evidenced by the accreditation held by the originating institution. Transfer credit will be awarded provided the course is similar in level and content to Shawnee State course offerings. The appropriate instructional department has the authority to determine equivalent Shawnee State credit for transfer courses, which have not been established through ODHE transfer initiatives and/or established articulation agreements.
- 2.3 Shawnee State University will award transfer credit for courses that have been approved through the following transfer programs: OT36, TAG, CTAG, ITAG, and MTAG. In addition, the university will honor transfer equivalencies that are established as part of articulation agreements with other institutions.
- 2.4 Shawnee State employs, updates in accordance with, and recognizes the research and recommendations of professional associations to establish best practices in transfer credit evaluation. Associations commonly used include, but are not limited to, the American Association of Collegiate Registrars and Admissions Officers (AACRAO), American Council on Education (ACE), and Council for Higher Education Accreditation (CHEA).

3.0 IMPLEMENTATION-INTERNATIONAL

- 3.1 Evaluation Methodology
- 3.1.1 International course work will be evaluated based on a course-by-course evaluation completed by InCred (International Credential Evaluations) based on the originating institution's official transcript.

3.1.2 If Shawnee State determines that the credit from the foreign institution is eligible for evaluation and meets standards for satisfactory academic performance as defined in this policy's procedures, Shawnee State will apply criteria relative to the level and content of the course to determine acceptability for transfer credit.

3.1.3 The University Registrar oversees the awarding of undergraduate transfer credit, and the appropriate degree-granting department/school will determine its applicability to specific degree requirements.

3.2 Professionally Recognized Resources and Recommendations

Shawnee State employs, updates in accordance with, and recognizes the research and recommendations of professional associations to establish best practices in international transfer credit evaluation. Associations commonly used include, but are not limited to, the American Association of Collegiate Registrars and Admissions Officers (AACRAO), American Council on Education (ACE), Council for Higher Education Accreditation (CHEA), and NAFSA: Association for International Educators.

4.0 POLICY SCOPE

4.1 This policy applies to the transfer of undergraduate credits only. Separate policies and procedure are maintained to evaluate and assign university transfer credit for graduate-level course work.

4.2 International course work completed at non-U.S. institutions that hold regional accreditation is covered by this policy; however, course work completed at all other non-U.S. institutions is subject to the International Transfer Credit policy.

4.3 The acceptance of transfer courses for university transfer credit is distinct from the application of credit toward university degree requirements. While this policy governs the acceptability of undergraduate courses for university transfer credit, the applicability of credit is determined by the student's department/school.
