# How to Enroll in the Blackboard Users' Group (BUG)

Peggy maintains a Blackboard Users' Group (BUG) that is a Blackboard Course that contains lots of valuable resources. All of the trainings we have been offering this week will be posted to this site if you wish to view them on your own. It also has many of the TIPS that have been shared over the past couple of years.

If you are not already enrolled in the Blackboard Users' Group class on Blackboard, you can enroll now!

When you log in to Blackboard, go to the Courses Tab at the top and then in the Course Search, search for "blackboard."

In the search results you will see the Blackboard Users' Group course. Click the double down arrow next to the course (BUG_whyte) and choose enroll.

Click OK on the next screen and you will be taken into the class. While you're there, click on Tutorials on the Navigation bar on the left and have a look at the topics in there – maybe you will find some helpful info!
