### **Pre-Kindergarten – Full Day**

#### **Hop Into Kindergarten! (Students currently completing PreK entering Kindergarten in the Fall of 2022)**

Heading to kindergarten this fall? Then head here first! Our Hop Into Kindergarten class is a fun-filled week of readiness activities designed especially for incoming kindergartners. We'll hold a mini kindergarten day complete with a morning meeting, writing, math games, read-a-loud stories, recess, science experiments and more. This class is a great way to gain confidence and get excited about the coming school year! Open to any children going into kindergarten (at any school). Instructor Abigail Ruggles, Emily Sharp, Alexis Smith, and the Project BEAR Team

### **Kindergarten – Full Day**

**Kindergarten Cats - (Students currently completing K)** A little bit of this, a little bit of that and a whole lot of GROOVY! Students will experience a myriad of activities designed to bust summer boredom all themed around Pete the Cat and his groovy storybooks. Combining many activities and themes, the K class gives your child a chance to experience some of the best we have to offer at Cub Camp- math, science, literacy, and more! Instructor Bobbie Jo Bricker

### **Session 1**

**Roaming Rome (Grades 1-3)** During this course, we will do a deep dive into the Roman Empire. Each day will cover Roman inventions, Roman mythology, Roman diet and lifestyle, and famous Romans. Be prepared to create, draw, taste, and experience Rome! Instructor Amy Smalley

**Exploring our Backyard (Grades 1-3)** They crawl, they fly, and they pollinate. With binoculars in one hand and magnifying glass in the other we'll dig deep into the secrets of the backyard to gain an understanding of where our food comes from, and an appreciation of the beauty and magic of the natural world. We'll discover seeds and roots, vegetables and fruits, wiggling worms, butterflies, bugs, and more!

**STEAM Camp (Grades 1-3)** Discover the exciting world of Science, Technology, Engineering, Arts, and Mathematics (STEAM) through hands-on experiments and the pursuit of original projects created by students themselves. Instructor Jordan Hileman

**Dance, Dance, Dance (Grades 1-4)** Feel like a star in this "trio of fun" dance class that includes ballet, jazz and hip-hop. Learn the basics of ballet, connect the steps in jazz choreography and have fun with hip-hop. Put it all together for a fun and exciting performance at the end of the week. Instructor Jenny Kinker Cole

**Martial Arts (Grades 1-4)** Spend your morning learning about karate and other forms of martial arts! Students will spend their time developing focus, control and self-confidence while using martial art techniques in various karate games. You will learn about different karate weapons used for centuries and still practiced today, along with Japanese terminology during class. Taught by 18-year Black Belt Buck Schwartz

**It's All Fun & Games (Grades 1-5)** This is a class that all ages will love! We will learn the rules and play some of the most popular playground games! Take this class and turn your recess up a notch! Instructors Dawn Lemon & Ellen Lemon

**Farm to Table (Grades 3-5)** Have you ever wondered where your food comes from? In this class you will learn ALL about HOW your food makes it from the farm to your table. We will talk about large and small animals that provide food from meat to eggs. Also, we will learn about plants that provide us vegetables and fruit! Be ready to get hands-on with this class and have fun! You might even get to meet a farm animal! Instructor Sarah McFarland

**Avengers Soccer (Grades 3-6)** - Learn how to dribble like Messi, shoot like Ronaldo and create goals like Pulisic! This class will focus on next level soccer skills to improve your footwork, speed, ball control and accuracy. This class will be taught by Shawnee State's own collegiate Soccer coach. Instructor Natasha Ademakinwa

**Crime Junkies (Grades 4-6)** Calling all junior crime scene junkies! If you're interested in learning about DNA typing, how to trace physical evidence, fingerprinting and learn the ins and outs of polygraphs; then this class is for you! Join us for a bone chilling experience! Instructor Leslie Kaskey

**Sew Much Fun! (Grades 4-6)** In this class campers will be making their very own "You are Loved Buddy" to take at the end of the week! These Buddies are there to remind campers that no one is perfect, but we are loved no matter what! Instructor Melissa Irey

**Exploring Science (Grades 4-8)** From Physics to Geology, discover the exciting world of Science through hands-on experiments and fun activities. Within this class, students will explore the different branches of science and discuss and possibly unearth their desire to become scientists in the future! Instructor Ashlynn Pfau

**Volleyball (Grades 5-8)** Bump, set, spike! Yes, it's volleyball time! Volleyball Camp focuses on developing fundamental skills and knowledge of the rules. Campers will experience a small player to coach ratio giving them ample time to work on their skills with SSU's own volleyball team!

**Cub Camp Comic Con (Grades 5-8)** In this class, students will get to explore the DC/Marvel Universe, Harry Potter, Star Wars, Lord of the Rings, My Hero Academia, and Pokemon through a variety of activities. Along the way, students will also be exposed to different novels and comics that tie in with the different themes to encourage fun reading. Costumes are welcome. Instructor Tabitha Mosley

**Art Adventure (Grades 6-8)** Enjoy the art making process creating paintings you will be proud to display! This class is designed for all kids who love art & want some more hands-on time to develop their skills. Instructor Glenda Gullion

**Archery (Grades 6-8)** Students learn all aspects of archery and various types of shooting with safety being the main priority. Instructor David Shoupe

## **Session 2**

**Bake It! (Grades 1-3)** Who's hungry? Want to learn how to make cannoli poke cake, no bake cookies, monkey bread, and mini Oreo cheesecakes? The bakers get to eat the treats! Instructor Amy Smalley

**Exploring our Backyard (Grades 1-3)** They crawl, they fly, and they pollinate. With binoculars in one hand and magnifying glass in the other we'll dig deep into the secrets of the backyard to gain an

understanding of where our food comes from, and an appreciation of the beauty and magic of the natural world. We'll discover seeds and roots, vegetables and fruits, wiggling worms, butterflies, bugs, and more!

**Cheerleading Champs (Grades 1-4)** Learn how to be a cheerleader! You will learn exciting and crowd effective sidelines, cheers and band chants to become the ultimate crowd leader at your school. Create excitement by using poms, signs and proper spiring techniques! Learn all of the fundamentals of cheerleading: motions, voice inflection, jumps, incorporating crowd effective stunts and more. Cheerleaders will wrap up the week ready to perform for a crowd! Instructor Jenny Kinker Cole

**Exploring Science (Grades 1-4)** From Physics to Geology, discover the exciting world of Science through hands-on experiments and fun activities. Within this class, students will explore the different branches of science and discuss and possibly unearth their desire to become scientists in the future! Instructor Ashlynn Pfau

**Farm to Table (Grades 3-5)** Have you ever wondered where your food comes from? In this class you will learn ALL about HOW your food makes it from the farm to your table. We will talk about large and small animals that provide food from meat to eggs. Also, we will learn about plants that provide us vegetables and fruit! Be ready to get hands-on with this class and have fun! You might even get to meet a farm animal! Instructor Sarah McFarland

**Martial Arts (Grades 3-6)** Start your afternoon training with martial arts! Students will spend their time working with hand/eye coordination, focus, learning simple defense techniques when confronted, as well as games to help with your training. You will learn about different karate weapons used for centuries and still practiced today, as well as some Japanese terminology. Taught by 18-year Black Belt Buck Schwartz

**Volleyball (Grades 3-6)** Bump, set, spike! Yes, it's volleyball time! Volleyball Camp focuses on developing fundamental skills and knowledge of the rules. Campers will experience a small player to coach ratio giving them ample time to work on their skills with SSU's own volleyball team!

**Archery (Grades 4-6)** Students learn all aspects of archery and various types of shooting with safety being the main priority. Instructor David Shoupe

**Crime Junkies (Grades 4-6)** Calling all junior crime scene junkies! If you're interested in learning about DNA typing, how to trace physical evidence, fingerprinting and learn the ins and outs of polygraphs; then this class is for you! Join us for a bone chilling experience! Instructor Leslie Kaskey

**Paint like a Pro (Grades 4-6)** In this class, you will be introduced to basic art techniques, which are the building blocks that will provide a solid foundation for future art lovers and artists. Explore the great world are art using multiple mediums. This unique learning experience places an emphasis on having fun while exploring creativity while painting a creation you will be proud to frame and hang. Instructor Glenda Gullion

**Enhancing Your Self-Esteem with Spanish (Grades 4-8)** Learning to make friends in more than one language can be fun! It is a win/win as you enhance your self-esteem, social skills, and creativity. Instructor Marcia Harris

**Ooey Gooley Science (Grades 5-8)** In Ooey-Gooley Science you will get an opportunity to perform and observe several experiments, make slime, homemade lava lamps, volcanoes that erupt, and much more with the ooey-gooley science experience. Get ready to put your lab-coat and goggles on as we create and explore science! Instructors Dawn Lemon & Ellen Lemon

**Volleyball (Grades 5-8)** Jump, set, spike! Yes, it's volleyball time! Volleyball Camp focuses on developing fundamental skills and knowledge of the rules. Campers will experience a small player to coach ratio giving them ample time to work on their skills with SSU's own volleyball team!

**Shawnee Spa (Grades 5-8)** Summer is a time for relaxation, and what better way than to attend Cub Camp's Shawnee Spa? We will learn different relaxation techniques and enjoy relaxing through a variety of different activities. Campers will make bath bombs, foot scrub, and more to be able to have their very own spa day each day! Instructor Tabitha Mosley

**Avengers Soccer (Grades 6-8)** - Learn how to dribble like Messi, shoot like Ronaldo and create goals like Pulisic! This class will focus on next level soccer skills to improve your footwork, speed, ball control and accuracy. This class will be taught by Shawnee State's own collegiate Soccer coach. Instructor Natasha Ademakinwa

**Discovering Our National Parks (Grades 6-8)** Explore the stories of America's (over 400!) National Parks. These parks contain stories that can be found across their landscapes, in national heritage areas, along historic trails and waterways, and in every neighborhood. Students will learn about the natural resources in parks, from the rocks to the sky overhead and will investigate the issues that affect our parks and how we can join together to address them. Instructor Jordan Hileman

**Sew Much Fun! (Grades 6-8)** In this class campers will be making their very own "You are Loved Buddy" to take at the end of the week! These Buddies are there to remind campers that no one is perfect, but we are loved no matter what! Instructor Melissa Irey

### **Session 3**

**Farm to Table (Grades 1-3)** Have you ever wondered where your food comes from? In this class you will learn ALL about HOW your food makes it from the farm to your table. We will talk about large and small animals that provide food from meat to eggs. Also, we will learn about plants that provide us vegetables and fruit! Be ready to get hands-on with this class and have fun! You might even get to meet a farm animal! Instructor Sarah McFarland

**Exploring Science (Grades 1-3)** From Physics to Geology, discover the exciting world of Science through hands-on experiments and fun activities. Within this class, students will explore the different branches of science and discuss and possibly unearth their desire to become scientists in the future! Instructor Ashlynn Pfau

**Exploring our Backyard (Grades 1-3)** They crawl, they fly, and they pollinate. With binoculars in one hand and magnifying glass in the other we'll dig deep into the secrets of the backyard to gain an understanding of where our food comes from, and an appreciation of the beauty and magic of the natural world. We'll discover seeds and roots, vegetables and fruits, wiggling worms, butterflies, bugs, and more!

**Ready Vet Go (Grades 1-3)** Who doesn't at some point want to be a vet? This session helps that passion come alive with fun and educational programming using role play, activities and crafts to explore the world of veterinary medicine. Students will learn to assess the health of animals, learn about animal nutrition, learn how to care for stitches and check for ticks, learn about the many veterinary professions there are and much, much more. Instructor Jordan Hileman

**Avengers Soccer (Grades 1-4)** - Learn how to dribble like Messi, shoot like Ronaldo and create goals like Pulisic! This class will focus on next level soccer skills to improve your footwork, speed, ball control and accuracy. This class will be taught by Shawnee State's own collegiate Soccer coach. Instructor Natasha Ademakinwa

**Ooey Gooley Science (Grades 1-4)** In Ooey-Gooley Science you will get an opportunity to perform and observe several experiments, make slime, homemade lava lamps, volcanoes that erupt, and much more with the ooey-gooley science experience. Get ready to put your lab-coat and goggles on as we create and explore science! Instructors Dawn Lemon & Ellen Lemon

**Crime Junkies (Grades 4-6)** Calling all junior crime scene junkies! If you're interested in learning about DNA typing, how to trace physical evidence, fingerprinting and learn the ins and outs of polygraphs; then this class is for you! Join us for a bone chilling experience! Instructor Leslie Kaskey

**Paint like a Pro (Grades 4-6)** In this class, you will be introduced to basic art techniques, which are the building blocks that will provide a solid foundation for future art lovers and artists. Explore the great world are art using multiple mediums. This unique learning experience places an emphasis on having fun while exploring creativity while painting a creation you will be proud to frame and hang. Instructor Glenda Gullion

**Archery (Grades 4-8)** Students learn all aspects of archery and various types of shooting with safety being the main priority. Instructor David Shoupe

**Bear Business (Grades 4-8)** Come learn the Bear Necessities of Business and present business ideas to judges in a mini pitch competition. We will learn what a business mindset is, how to identify needs and create unique solutions, and how to build a business brand. Campers will get the chance to do product research, draw pictures, build models, and create their own business names and logos. Instructors Clarissa Schauseil and Chelsea Watkins

**Jump Start Your Brain; Jump Start Your Life (Grades 4-8)** Learning about the brain can be fun! It also helps you get ahead of the game in becoming a great friend and a great student. In this session, campers will learn how the four lobes of the brain impact memory, social emotional skills, and even their grades!

**Volleyball (Grades 5-8)** Bump, set, spike! Yes, it's volleyball time! Volleyball Camp focuses on developing fundamental skills and knowledge of the rules. Campers will experience a small player to coach ratio giving them ample time to work on their skills with SSU's own volleyball team!

**Cheerleading Champs (Grades 5-8)** Learn how to be a cheerleader! You will learn exciting and crowd effective sidelines, cheers and band chants to become the ultimate crowd leader at your school. Create excitement by using poms, signs and proper spiring techniques! Learn all of the fundamentals of cheerleading: motions, voice inflection, jumps, incorporating crowd effective stunts and more. Cheerleaders will wrap up the week ready to perform for a crowd! Instructor Jenny Kinker Cole

**Martial Arts (Grades 5-8)** Students will spend their final class with learning simple self-defense techniques, body structure, and the simplicity of defending yourself. Finish up you day learning about martial arts and how it can apply to your daily life! Taught by 18-year Black Belt Buck Schwartz

**Cub Camp Renaissance Fair (Grades 5-8)** Calling all lords and ladies! The Cub Camp Renaissance Fair draws near! Join us as we learn about knights and jousts, royalty and and drama, and all things Renaissance! Instructor Tabitha Mosley

**Card Masters (Grades 6-8)** Card games may appear to be fun, but really they're a workout for the brain. Keeping track of your score is math. Guessing your opponents next move is strategy. Knowing which card is a good choice exercises decision-making skills. Let's do all this mental work together as we explore the card games of Rummy, Euchre, Crazy Eights, Old Maid, and more. Instructor Amy Smalley

**Sew Much Fun! (Grades 6-8)** In this class campers will be making their very own "You are Loved Buddy" to take at the end of the week! These Buddies are there to remind campers that no one is perfect, but we are loved no matter what! Instructor Melissa Irey
