Pre-Kindergarten – Full Day**Hop Into Kindergarten! (Students currently completing PreK entering Kindergarten in the Fall of 2024)**

Heading to kindergarten this fall? Then head here first! Our Hop Into Kindergarten class is a fun-filled week of readiness activities designed especially for incoming kindergartners. We'll hold a mini kindergarten day complete with a morning meeting, writing, math games, read-a-loud stories, recess, science experiments and more. This class is a great way to gain confidence and get excited about the coming school year! Open to any children going into kindergarten (at any school).

Kindergarten – Full Day

Kindergarten Kids - (Students currently completing K and entering 1st in the Fall of 2024) A little bit of this, a little bit of that and a whole lot of FUN! Students will experience a myriad of activities designed to bust summer boredom all themed around amazing storybooks. Combining many activities and themes, the K class gives your child a chance to experience some of the best we have to offer at Cub Camp- math, science, literacy, and more!

3D Printing (Grades 1-4) 3D Printing is the process of making an object using a 3D Printer to build an object from a computer model layer by layer. In the 3D printing session, students will use professional-grade 3D Printers and modeling software to explore the latest industrial design process for prototyping, researching, and building solutions. Instructor Kim Ellison

Archery (Grades 4-8) Students learn all aspects of archery and various types of shooting with safety being the main priority. Instructor David Shoupe

Avengers Soccer (Grades 3-6) - Learn how to dribble like Messi, shoot like Ronaldo and create goals like Pulisic! This class will focus on next level soccer skills to improve your footwork, speed, ball control and accuracy.

Cheer Champs (Grades 1-8) Learn how to be a cheerleader! You will learn exciting and crowd effective sidelines, cheers and band chants to become the ultimate crowd leader at your school. Create excitement by using poms, signs and proper spiring techniques! Learn all of the fundamentals of cheerleading: motions, voice inflection, jumps, incorporating crowd effective stunts and more. Cheerleaders will wrap up the week ready to perform for a crowd! Instructor Jenny Kinker Cole

Color Your World (Grades 1-8) Explore and create with this fun and engaging session! Students will be provided in-depth opportunities to explore art-making with emphasis on all stages of the creative process: conceptualization, planning, and execution. *Approved for funding from the South Central Ohio ESC Scholarship Program, if camper is eligible*

Cookies & Cards (Grades 1-3) What's better than games and snacks? In this class we will bake/make a different cookie each day and play a card game while we wait for our treat. Cookies will include iced oatmeal, no bake, chocolate chip, and sugar. Card games will include go fish, rummy, and more! Instructor Amy Smalley

Dance, Dance, Dance! (Grades 4-8) Feel like a star in this "trio of fun" dance class which includes ballet, jazz and hip hop Ballet: Get ready to learn the basics of ballet. Jazz: Dancers will be introduced to the jazz genre and basic techniques. Hip hop: Dancers will incorporate more intricate choreography and movement with faster-paced routines and music. After learning the basics, students will put together a routine for an exciting stage performance at the Parent Showcase! Instructor Jenny Kinker Cole *Approved for funding from the South Central Ohio ESC Scholarship Program, if camper is eligible*

Discovering Our National Parks (Grades 6-8) Explore the stories of America's (over 400!) National Parks. These parks contain stories that can be found across their landscapes, in national heritage areas, along historic trails and waterways, and in every neighborhood. Students will learn about the natural resources in parks, from the rocks to the sky overhead and will investigate the issues that affect our parks and how we can join together to address them. Instructor Jordan Hileman *Approved for funding from the South Central Ohio ESC Scholarship Program, if camper is eligible*

Exploring Greek Mythology (Grades 4-8) Students will explore Greek Gods and Goddesses, learn ancient Greek lettering, and find real-world connections with mythology. Students will also create their own mythical creature that are inspired by ancient Greek history! At the end of the week students will test their knowledge in an Ancient Greek inspired escape room. Can you rise to the challenge? Instructor Abby Howard *Approved for funding from the South Central Ohio ESC Scholarship Program, if camper is eligible*

eSports (Grades 3-8) Learn the tips and tricks to competitively crush Hero, League of Legends, Mario and Smash Brothers by examining VOD reviews and learning tips from the pros. This class will be taught by Shawnee State's own collegiate eSports coach, Travis Lynn. *Approved for funding from the South Central Ohio ESC Scholarship Program, if camper is eligible*

Exploring Our Backyard (Grades 1-3) They crawl, they fly, and they pollinate. With binoculars in one hand and magnifying glass in the other we'll dig deep into the secrets of the backyard to gain an understanding of where our food comes from, and an appreciation of the beauty and magic of the natural world. We'll discover seeds and roots, vegetables and fruits, wiggling worms, butterflies, bugs, and more!

Have a Ball! (Grades 1-6) Create your own scented soaps and bath bombs! What's the difference between soap and detergent anyway? Learn the science behind soap making while crafting your own scented creations to enjoy at home. Instructor Clarissa Schauseil

Jr. Naturalist (Grades 1-8) Calling all nature-enthusiasts! Students will explore natural areas to learn about native flora and fauna through walks, collection, observation, and other hands-on experiences. As a Junior Naturalist, you will gain skills that will help you become a great park naturalist someday! Nature knowledge, keen observation skills, and a never-ending curiosity are a must for any successful naturalist! This class is to help inspire children with a love and appreciation for the Earth while promoting conservation! Instructor Ashlynn Pfau *Approved for funding from the South Central Ohio ESC Scholarship Program, if camper is eligible*

Let's Get Cooking (Grades 1-8) Have you ever wanted to prepare a multiple course meal? Then this class is for you! We will be cooking (and eating, of course) a yummy four course meal as we prepare a segment each day. We will also make a recipe book, learn about healthy food, cooking tools, and play fun games! Sign up and be ready for a deliciously delightful time! Instructor Holly Knight *Approved for funding from the South Central Ohio ESC Scholarship Program, if camper is eligible*

Musical Sign Language (Grades 1-8) Come learn some basic sign language as well as a sign language performance to "This is Me" and "A Million Dreams" from The Greatest Showman. Students will have the opportunity to perform for parents and fellow campers at the Parent Showcase! Instructor Amy Smalley
Approved for funding from the South Central Ohio ESC Scholarship Program, if camper is eligible

Myth Busters (Grades 3-8) WARNING: Science in Progress! Come explore science, the myth busters way! The Mythbusters mix scientific method, gleeful curiosity and plain old-fashioned ingenuity to create their own signature style of explosive experimentation. This week we will join in on the fun! Instructor Leslie Kaskey
Approved for funding from the South Central Ohio ESC Scholarship Program, if camper is eligible

On Broadway - Making a Musical: The Wizard of Oz (Grades 1-8) Come join us on a musical journey to an amazing land of witches, monkeys and "Lions, and tigers and bears, oh my!!" We will explore the behind-the-scenes look into what it means to a part of putting on a musical. You will learn about reading music, memorizing lines and choreography, and becoming a character. We will learn a song and dance from the "Wizard of Oz," to perform at the end of the week and even do some costume and prop-making crafts during the week. Instructor Jessie Hablitzel *Approved for funding from the South Central Ohio ESC Scholarship Program, if camper is eligible*

Ready Vet Go! (Grades 1-3) Who doesn't at some point want to be a vet? This session helps that passion come alive with fun and educational programming using role play, activities and crafts to explore the world of veterinary medicine. Students will learn to assess the health of animals, learn about animal nutrition, learn how to care for stitches and check for ticks, learn about the many veterinary professions there are and much, much more. Instructor Jordan Hileman

Slammin' Sluggers Softball (Grades 1-8) Softball players of all ability levels and positions will benefit from a week in the softball session. Students will participate in a variety of offensive, defensive, and situational softball drills that they can use as the foundation for their future softball career. This session is taught by Shawnee State University's very own softball coach and she is dedicated to the personal development and improvement of every softball camper. Instructor Kristen Bradshaw

STEAM Camp (Grades 1-3) Discover the exciting world of Science, Technology, Engineering, Arts, and Mathematics (STEAM) through hands-on experiments and the pursuit of original projects created by students themselves. Instructor Jordan Hileman *Approved for funding from the South Central Ohio ESC Scholarship Program, if camper is eligible*

Volleyball (Grades 1-8) Bump, set, spike! Yes, it's volleyball time! Volleyball Camp focuses on developing fundamental skills and knowledge of the rules. Campers will experience a small player to coach ratio giving them ample time to work on their skills with SSU's own volleyball team!

We The People (Grades 5-8) 'We the People' will focus on U.S. government, specifically civic responsibility by way of voting. Students will learn the history of voting, the process of voting in our country, and will be able to become voters through fun, interactive simulations and activities! Students will leave understanding the importance of voting in our country and will apply this knowledge to their own lives to become active contributors to the electoral process in the future. For our country to remain "by the people," "we the people" need to do our part!". Instructor Jacob Alley *Approved for funding from the South Central Ohio ESC Scholarship Program, if camper is eligible*
