WHERE YOU LIVE MATTERS.

Our mission in Housing & Residence Life is to provide a safe, supportive, and engaging living environment that empowers our students to achieve academic success; personal growth; and responsible citizenship.

Why Live On Campus?

Your chances of success increase

- Nationally, college students who live on campus make better grades and manage their time better. Our themed housing communities allow for students with similar interests or majors to live among each other.

Convenience

- Everything on our campus is just a short walk away from our residence halls. Also, all utilities, internet, and cable are all included!

Your safety is a priority

- Our Department of Public Safety patrols our campus around the clock, providing both security and police services.
- Each building has at least one Resident Assistant who is there for guidance, support, and policy enforcement.

You'll have a built in social life.

- Living on campus gives you a unique opportunity to make friends and build connections with your apartment-mates, neighbors, and Resident Assistants.
- Intentional and specific building programs and Housing & Residence Life events means more fun things to do!

All of our housing units are apartment style — each with a fully-equipped kitchen, living room, dining area, bathroom, bedrooms and on-site laundry facilities.
