Classroom Emergency

The emergency procedures in case of critical illness, injury, or death of a student or employee are as follows:

**IMMEDIATELY SUMMON EMERGENCY ASSISTANCE TO VICTIM LOCATION**

1. Dial 9-911.
2. Notify Department of Public Safety at Ext 3232 or (740) 351-3232.
3. Notify the Office of Student Affairs at Ext 3280 or (740) 351-3280 (during regular business hours).
4. File an incident report with Department of Public Safety within 12 hours of the incident.

University ADA Statement to be included on all course syllabi:

Any student who believes they may need an accommodation based on a documented disability should first contact a Coordinator in the Office of Accessibility Services, Hatcher Hall, 1001 Fourth St., 740-351-3106, to schedule a meeting to identify potential reasonable accommodation(s). Students are strongly encouraged to initiate the accommodation process in the early part of the semester or as soon as the need is recognized. The Office of Accessibility Services will gather relevant information and determine whether an accommodation is warranted. When an accommodation is determined to be warranted, an accommodation letter will be sent to the instructor(s) and student via secure e-mail prior to the semester start date, when possible, or as soon as is feasible. The Office of Accessibility Services will not disclose the nature of any disability with instructor(s); if the student wishes to discuss the disability with one or more instructors, they may do so. Any questions regarding the academic accommodation on the letter should be addressed to the Coordinator of Accessibility Services. If a student does not make a timely request for academic accommodation and/or fails to meet with the Coordinator of Accessibility Services, a reasonable accommodation may be denied or delayed.

The online form for making such a referral is found at http://www.shawnee.edu/retention/refer.aspx or on the Provost and/or Deans’ web pages Another link to the form can be found under “Bookmark” (in the right margin) on the MySSU faculty page. All referrals will be handled confidentially.

How to Refer Students with Possible Emotional/Psychological Difficulties

When you think a student may be experiencing some emotional difficulties and might benefit from professional counseling, you can refer that student directly to Campus Counseling Services in Hatcher Hall, 1001 Fourth Street.

If at any time, you become concerned for the safety of the student or other students due to verbalizations of doing harm to oneself or others immediately contact the Campus Counseling Services for assistance at (740)-351-3608 24/7/365. If there is an immediate threat of harm, contact the Department of Public Safety(DPS) at (740)351-3232.

When to Refer – Throughout the year, Campus Counseling Services receives inquiries from faculty, administrators, and support staff. In many cases, due to the frequent contact faculty have with students, they have an excellent opportunity to observe student behaviors. They may be the first to notice the signs that a student may be in need of a referral for professional counseling. Below are some of the general symptoms that indicate a student may be experiencing some difficulties:

▪ Marked changes in behavior
▪ Decline in personal hygiene
▪ Isolation from others
▪ Decline in academic performance
▪ Talks about feeling anxious or depressed
▪ Makes comments about feeling worthless and things are hopeless
▪ Exhibits symptoms of stress: headaches, nausea, appetite change or inability to sleep
▪ Has had traumatic changes in personal relationships such as break-up with a significant other or death in the family
▪ Exhibits signs of alcohol or drug abuse
▪ Overly concerned about weight or body image
▪ Manifests a sudden unwillingness to communicate
▪ Makes references to suicide
▪ Exhibits disorientation or bizarre behavior
▪ Exhibits paranoia
▪ Becomes verbally abusive or physically violent
▪ Threatens bodily harm to others

References to suicide or homicide: ALL suicide threats are to be taken seriously. No matter what the context, a student who talks about committing suicide is at risk and needs to be evaluated by a mental health professional immediately.

Threats against others also demand an immediate response. In those instances, Department of Public Safety at (740) 351-3232 should be the first contact to ensure the safety of those involved and determine the appropriate course of action.

Any time you feel concerned about a student’s behavior or emotional well-being, feel free to call Campus Counseling Services at (740) 351-3608. Consultation services by phone are available 24/7/365 or stop by curing office hours to consult with our staff.

Inclement Weather

The University has an audible outdoor siren system located on the east and west ends of campus. The National Weather Service activates this system when a Tornado warning has been issued for Scioto County. Tornado shelter areas are located on the lowest floor of each academic building. This siren system is tested each Wednesday between 10:00 a.m. and 12:00 noon.

In addition, Shawnee State University has a system to notify the campus community in cases of an emergency, i.e., campus closure, class cancellation due to inclement weather, or a health and safety concern. This attempt to notify you will occur by telephone and email. Shawnee State University or its contractors will not use this information for any other purposes than to attempt to contact you in case of a campus emergency. If you choose to opt-out of this service, you will not be notified via this system when an on-campus emergency occurs. You may provide your cell phone or local residence number as well as an alternate number where you can be contacted.
If you would like to be notified by email, please include your email address. You can provide this information by accessing MyInfo Tab in the MySSU student information portal. MySSU can be accessed using use your Shawnee Network Account Username and Password and visiting https://myssu.shawnee.edu. As your emergency contact information changes, make sure your visit MySSU online to complete an update of your emergency contact record.

You may also listen to your local radio stations and TV stations for announcements. If you miss the announcements, you can reach Shawnee State Department of Public Safety at 740-351-3232 twenty-four hours a day.

Key Control Policy

Note: The following policy statements are excerpts from the complete policy as adopted by the University. For more on University Policies and Procedures please go to www.shawnee.edu/leadership/policies/index.aspx.
In order to provide for physical security of campus buildings and their occupants, and to provide for administration and control of keys, the following policy has been formulated:

**Hours** – The buildings and facilities of Shawnee State University are available for general use by University employees and students for educational purposes. Each building will be open (outside door unlocked) for business on weekdays on an individual basis, as scheduled classes require.

**Keys** – All employees authorized access to buildings are expected to request and be responsible for their own key(s), and to have on their person their own key(s) in order to unlock doors where and when they are authorized. Maintenance and Department of Public Safety personnel are not authorized to unlock doors for individuals at any time except when approved in advance in accordance with the Space Reservation Policy.

**Emergency access** – approved through Department of Public Safety via immediate supervisor and/or director. Duplication of keys by anyone other than the Key Control Manager or Director of Facilities is prohibited. Ohio Revised Code Statutes Section 3345.13 states: “No person shall knowingly make or cause to be made any key for any building, laboratory, facility, or room of any college or university which is supported wholly or in part by the State of Ohio, contrary to any regulation respecting duplication of keys adopted by the Board of Trustees of such college or university.”

**Key Recipients** – Personnel to whom keys have been issued are responsible for:
- Completing and signing a key-issuance record and signature card for every key approved in Facilities Department.
- Maintaining possession and security of any and all keys issued by the Key Control Manager.
- Immediately reporting loss or theft of keys to the Key Control Manager.
- Returning all keys issued by the Key Control Manager before executing final termination clearance.
- If transferring to another University office or facility, **DO NOT** give your keys to another employee.

**Procedure for Obtaining Campus Keys** – The requesting employee must execute a Key Request Form and have the request approved by the appropriate vice president or department head. When approved by the Director of Facilities, the appropriate key(s) will be made and the requesting employee will be notified when to pick up the key(s) from the Key Control Manager. See your department secretary for the proper forms and procedures for obtaining your key. Keys are available for pick up Monday-Friday 8:00 a.m.–5:00 p.m. in the Facilities office.

**Loss or Theft of Campus Keys** – Loss or theft of University keys must be reported.
immediately to the Key Control Manager by the individual to whom they were issued. The individuals will be charged a fine of $5.00 per key with additional locksmith charges if a core(s) needs replaced. Locksmith charges are $45.00/hour plus parts. Fines must be paid before the individual is issued additional University keys. A receipt will be required prior to a new key issued. Fines for lost keys are payable in the Bursar’s Office.

Maintenance Issues

If faculty have questions regarding the maintenance of buildings, classrooms, or equipment, they are asked to contact their department secretary and/or their department chairperson.

students also receive help in identifying and addressing lower-order concerns in their writing,
including punctuation, grammar, and formatting. The Writing Center’s mission is to help
