- Kizer Rose, Madison Colegrove, and Emma McDowell were all accepted into Shawnee State University
- Suzie Jiles and Caleb Blevins were accepted into Marshall University & Shawnee State University
- Megan Curley won Sophomore Attendant at Piketon's Homecoming

WHAT'S HAPPENING w/ UBMS

- Things are about to get crazy in our little office as we enter the busiest time of our "off-season". This includes completing our massive APR assessment (the world's largest spreadsheet, seriously), recruiting new students from our different high schools, interviewing potential new candidates, and conducting our new student orientation. Wish us luck!
- In addition to all of this, we are actively planning the Winter Retreat trip, scheduled for Saturday, February 25th. As a reminder, everything we do is for YOU! So, if you have any ideas for trips or activities you would like to do, please let us know! We always love your suggestions and feedback!

COLLEGE SPOTLIGHT

**Columbus College of Art &
Design**

Location: 60 Cleveland Ave, Columbus, OH 43215

Established: 1879

Tuition:

In-State: \$18,825 per semester

➤ The average ACT score of accepted students at CCAD is 23. The average GPA of incoming freshman students is 3.41. The student to faculty ratio is 10:1. The freshman retention rate is 87%.

GABE'S BEAT

Just like that, another month of 2022 has past and into a new one. This month is one of my favorites. It's a month to be thankful and to speak about those things we are grateful for. I am forever thankful for each and every one of you. You all have changed my life in so many ways. I am thankful that you teach me something different every time I'm with you. I'm thankful for my job and the opportunities I get to change your lives, my staff's lives, and make a difference in so many other students' lives here on SSU's campus. I am thankful for the opportunity SSU has given me to be part of this amazing program. I am thankful that each one of you have parents and guardians who care for you and who allow you to be part of this amazing program. I am thankful for the U.S. Dept. of Education for giving us this opportunity to serve you and make sure that you have opportunities that will allow you to serve others. Finally, I am thankful for my staff who bring it EVERY SINGLE DAY. We have an amazing team who truly cares about you, one another, and me. While things can be difficult at times, make sure you remember the things you are grateful for. Make a list of what they are and read them daily. Maybe post it beside your bed so that way when you wake up, it's the first thing you read. I promise you, it will help you have a better day.

BO'S FLOW

This Thanksgiving Season, I'm extremely thankful for many things: my family, all of you, my friends, my job, etc... but, I'm also thankful that I have such a platform to be able to speak out & end some of the sickening defamation I have recently experienced. It has come to my attention that many of you have been slandering sweet potatoes, calling them the worst dish at Thanksgiving dinner. Excuse me? What? Maybe you should reevaluate your taste buds before bringing in such a heinous opinion. How are you going to look these sweet (see what I did there?), innocent potatoes in the face & tell me that they are disgusting? I've spoken w/ Gabe about this & unfortunately, I cannot legally punish you for such hatred, but just know, if you hate on sweet potatoes, you're on my list. Much love (especially to my fellow sweet potato lovers)! ELE!

ALUMNI SPOTLIGHT

Name: Brandon Dalton

High School: Greenup County High School

College: Morehead State University

College Major: Psychology

Hobbies & Interests: Tabletop games, amateur radio, cooking, and hiking

Q: What do you plan on doing with your degree when you graduate?

A: I am planning to go further with my education beyond my undergraduate program at Morehead State University and eventually do clinical psychology.

Q: What is your favorite UBMS memory?

A: My favorite UBMS memory is the first UBMS camping trip I went on in the summer of 2019.

Q: What is your favorite thing about college?

A: So far, my favorite thing about college is how classes are structured in scheduling and lectures.

Q: How does college differ from high school?

A: There is a lot more personal responsibility (and with that, a lot more freedom as well) emphasized with college. It was definitely a cultural shock at the beginning of my first semester.

Q: What advice do you have about high school/college/life that you can share with our current high school students?

A: If I had to give one piece of advice regarding college, it would be to learn what works best for you in terms of recording stuff you need to remember (dates, times, appointments, chores, etc.) and do it for EVERYTHING. There is so much stuff you can get involved in while in college that it is hard to keep up with that alone, not even mentioning your classes and homework.
